OBJECTIVE

Transitioning from a career in intelligence and organizational analysis, I am eager to apply my over 10 years of experience in problem-solving, project management, and high-pressure decision-making to the field of front-end development. Proficient in HTML, CSS, WordPress, and UI/UX design, I am seeking an entry-level front-end developer role to contribute my technical expertise and build engaging user interfaces. **TECHNICAL SKILLS**

- **Languages:** HTML, CSS
- **Frameworks:** Bootstrap
- **SEO:** Website Performance, Website Optimization
- **UX Design:** Research, Interaction Design, Product Design, UI & GUI, Wireframes, prototyping, and information architecture
- **Development Environments:** VS Code, Github source code control, version control concepts, and MAMP
- **CMS:** WordPress admin, dashboard, themes, templates, custom theme development, Child Themes, Plugins, Widgets, Custom Content Types
- **Quality Assurance:** Identifying and documenting bugs, Jira
- **Project Management:** Agile, Scrum, and Trello

PROFESSIONAL EXPERIENCE

Mobile Advisor / Campus Driver

Long Beach Corps Center—Bizzell US Inc. | Long Beach, CA | **2020 – 2023**

- Mentored and prepared young adults for professional success through workplace relations, ethics, and personal growth training.
- Conducted safety patrols and detailed security incident reports to ensure a secure campus environment.
- Supported campus operations by coordinating fleet transport and ensuring compliance with security policies.

Management Coordinator & Supervisory Transportation Security Officer

Department of Homeland Security – TSA, LAX | Los Angeles, CA | **2016 – 2017**

- Led a specialized covert testing unit to evaluate and enhance the accuracy of TSA security screening processes across six airports, including LAX, PSP, SNA, LGB, and ONT.
- Directed covert tests and training programs, coordinating supervisors and personnel from multiple airport locations to ensure compliance with federal standards.
- Provided detailed feedback to executive leadership using data-driven reports, including PowerPoint presentations, graphs, and trend analyses.
- Designed and implemented a comprehensive testing system to assess TSA personnel performance across all levels.

Specialized Security & Playbook Operations Supervisor

TSA-LAX | Los Angeles, CA | **2010-2016**

- Led mobile security units to conduct employee screening and secure access at critical airport locations. (LAX, PSP, SNA, LGB, SNA, ONT)
- Fostered collaboration with law enforcement and stakeholders to enhance operational readiness and compliance.
- Coordinated team deployments and training sessions for high-priority operational periods.

Additional TSA Lead Roles (2002 – 2010)

- Screened passengers and baggage following national security protocols, earning multiple promotions to supervisory roles.
- Supervised security teams and conducted training to meet or exceed performance goals.
